Rules Workshop: Establishing the use of Nitrous Oxide in Office Based Settings

Details

The WMC filed a CR-101, Preproposal Statement of Inquiry, to establish the use of nitrous oxide in office based surgical settings. The WMC is considering amending [WAC 246-919-601](#) to exempt the use of nitrous oxide in office-based surgical settings under certain circumstances. Additionally, the WMC is considering adding a new subsection to further address the use of nitrous oxide in such settings. The CR-101 was filed on May 17, 2024, as [WSR #24-11-104](#).

This is the fourth workshop for this rulemaking. The revised draft language for the proposed new section, WAC 246-919-603, is available on our Rules in Progress page: click [here](#).

Written comments for the workshop are due by 5:00 PM on October 13, 2025, and should be submitted on this site: [Establishing the use of nitrous oxide in office-based surgical settings | Washington Medical Commission](#)

Commissioners and staff will attend this meeting virtually.

Physical meeting location:
111 Israel Rd SE
TC2 Room 166
Tumwater, WA 98501
