Clinical Support Letter of Guidance

(1) The purpose of the clinical support letter of guidance is to proactively support physicians by providing educational resources to address practice areas that may benefit from support. The use of these educational resources may decrease the risk of a future complaint or possible violation of the uniform disciplinary act.

(2) The commission may issue a clinical support letter of guidance following the closure of an investigation of a complaint or a mandatory report.

(3) A clinical support letter of guidance does not represent a commission finding. The clinical support letter of guidance is not disciplinary action and is not reportable to the National Practitioner Data Bank or the Federation of State Medical Boards.
