The Commission consists of 21 members appointed by the governor. It meets about nine times a year, usually on Thursday, approximately every six weeks. Additional information regarding commission membership and a link to the governor's application can be found at: <https://wmc.wa.gov/medical-commission-membership>.

Please take the time to review the valuable information on commission membership available at the above website. Applications, along with a current resume, must be received by **March 22, 2024**.
